

Information on Digital Inter-Institutional Agreements

Key Action 1 – Mobility for learners and staff – Higher Education Student and Staff Mobility between Programme Countries

Requirements for Inter-Institutional Agreements 2021-20[29]

IMPORTANT INFORMATION: For the next Erasmus programme, Inter-Institutional Agreements must be renewed using the new online Inter-Institutional Agreement Manager or an equivalent system connected to the Erasmus Without Paper Network. Therefore, this template is provided for information purposes only and must not be used to renew or create agreements outside of the new online system. This document gives a preview of the proposed format and content of the new online Inter-Institutional Agreement. When the Inter-Institutional Agreement Manager is released, it will be accompanied by a more detailed data standard, to which all equivalent systems will then need to adhere.

Static information embedded in the system and applicable to all Inter-Institutional agreements

*The institutions agree to cooperate for the exchange of students and/or staff in the context of the Erasmus+ programme. They commit to respect the quality requirements of the Erasmus Charter for Higher Education in all aspects related to the organisation and management of the mobility, including automatic recognition of the credits awarded to students by the partner institution as agreed in the Learning Agreement and confirmed in the Transcript of Records, or according to the learning outcomes of the modules completed abroad, as described in the Course Catalogue, in line with the European Credit Transfer and Accumulation System. The institutions agree on exchanging their mobility related data in line with the technical standards of the European Student Card Initiative.

Grading systems of the institutions

Receiving higher education institutions need to provide a link to the statistical distribution of grades or make the information available through EGRACONS according to the descriptions in the ECTS users' guide. The information will facilitate the interpretation of each grade awarded to students and will facilitate the credit transfer by the sending institution.

General information entered into the higher education institutions' profile and updated by the higher education institution. The general information about the institution is accessible to students.
