

## **EMBO Scientific Exchange Grant Applications are Still Open**

The [European Molecular Biology Organization](#) (EMBO) provides various scholarship and support programmes for scientists working in the field of life sciences. These programmes, which are financed by the [European Molecular Biology Conference](#) (EMBC) Member States and EMBC/EMBO global partners, provide grant, accommodation and networking support to the researchers.

[Scientific Exchange Grants](#) provide funding to researchers working in the field of life sciences to conduct research visits to laboratories in countries that are [EMBC members or EMBC/EMBO global partners](#).

### **Eligibility:**

- Being an active researcher at any stage in their career with at least 1 year of graduate research experience at the time of application;
- Not applying for an exchange between two laboratories within the same country;
- Not applying to work in a laboratory that the applicant has previously worked or visited;
- Not applying to attend courses, workshops or symposia;
- Returning to their own laboratory upon the completion of the scientific exchange and staying there for at least 6 months.

Please find the detailed information about the eligibility [here](#).

### **Benefits:**

- Grant is awarded for visits of 1 week up to 3 months.
- Grantees can stay longer than 3 months (with a maximum of 6 months) during their visits, but the EMBO grant must be used for the first 3 months of the visit.
- Grant contributes towards travel costs and subsistence of the fellow but not of any dependents with the subsistence rate depending on the country being visited.
- No fund can be provided for additional expenses other than these items.

Please find the detailed information about the benefits [here](#).

### **Application and Selection:**

- Applications must be made directly to EMBO through the [application system](#).
- Applications are accepted throughout the year. At minimum, applications must be submitted 30 days before the start date of the research visit. However, it is recommended to apply 3 months before the proposed starting date.

Please find the detailed information about the programme [here](#).
